Tips and Tricks:

1. Once the Go-To Meeting starts, **please mute yourself** unless you are speaking to the group. This helps keep background noise to a minimum! The mute/unmute icon is on the bottom left of your screen.
2. If you have a webcam, feel free to use it! The webcam icon is on the bottom of your screen, second icon from the left. As we rely more and more on these virtual avenues of communication, being able to see one another helps us feel connected!
3. The chat function is useful if you'd like to raise your hand, or if you have a troubleshooting comment and don't want to interrupt the speaker. We will discuss how we'll use the chat function and who will keep an eye on it.
4. If you do not have access to a computer, you can still join us by phone! See the phone number above. Also note the access code. You will need this number to "enter" the meeting, as prompted.
